

Warranty

Rotaid AED Cabinets

A warranty of 2 years applies to all products of Rotaid AED Cabinets.
The following conditions apply to this warranty:

Warranty conditions

- The product is installed according to Rotaid's installation instructions.
- The product is maintained according to Rotaid's maintenance instructions.
- The product is bought through certified distribution partners and resellers of Rotaid AED Cabinets.
- For the Rotaid Solid Plus Heat LED and Rotaid 24/7, the warranty applies only if the system is wired, connected and installed according to the instructions and by using the correct installation materials. These materials are packed with the product and include a certified 24 Volt Transformer, connector set and power cord.
- If non-official and after-market accessories, products or services are mounted / added / used, Rotaid AED Cabinets will not be liable for the functioning, safety and quality of its products and the warranty is terminated.
- The Rotaid installation and maintenance instructions are packed with every product and can additionally be downloaded on our website : www.rotaid.com/support
